

EMSIRS-3 Vendor Status

If you use a software package to collect your EMSIRS data, your vendor will need to be compliant with EMSIRS-3 or with NEMSIS 3.4 data standards. Below is a listing of vendors known to either be compliant with these standards or that are in process:

Reporting to EMSIRS-3 (*) or Ready to Report	Currently Testing with EMSIRS-3	Not Currently Testing with EMSIRS-3	Discontinuing EMSIRS
AMR*	Beyond Lucid	Alert Public Safety Solutions	COptions
Emergency Networking	Clayton IDS	CISCO	FTSoft
Emergency Reporting	Firehouse	FireTracker	Nfocus
Emergidata	Golden Hour	Macrologic / Code Red EMS	
emsCharts	ProPhoenix	MCA	
ESO Solutions*	Zoll	New World Systems / TylerTech	
Forte Holdings*		Open Inc. / SafetyPad	
Image Trend		Ortivus / Trittech	
IMS*			
Intermedix			
OCI			
Physio-Control			
RAM Software*			

Last update: Tuesday, November 29, 2016

There are two methods of data submission from a software package to EMSIRS, one is similar to what you are doing now, the other is more automatic. Your vendor will be able to tell you which method to use.

If Your Vendor Is Not On The List Above, Is On The Not Testing List or Is Discontinuing

You need to contact your vendor *as soon as possible* to determine their status. If the vendor is not working towards EMSIRS-3 compliance or if you are unsatisfied with their response, contact the EMS Office of Research and Analysis at EMSdata@dps.ohio.gov and we will be happy to send you the contact information for the compliant vendors.
