Naloxone Administration by Ohio EMS Providers, 2009-2020
Summary Brief as August 31, 2020

Source: Ohio Department of Public Safety, Division of Emergency Medical Services, EMS Incidence Reporting System (EMSIRS).

1 2018, 2019, and 2020 data are preliminary.
2 Reported naloxone administration data for “Out of Ohio” and “Blank/Unknown” counties and ZIP codes for CY2009 – CY2012 have been removed to eliminate data integrity concerns between multiple EMSIRS and national guidelines.
3 The data includes naloxone administrations where county was not recorded (blank/unknown/out of state): n=77 (2018), n=53 (2019), and n=19 (2020).
4 Naloxone doses administered in out of state ZIP codes are excluded.
5 As of July 6, 2020, 843 of the 1,021 known transporting EMS agencies (82.6%) in 2019 reported data through the legacy EMSIRS.
6 As of August 31, 2020, 854 of the 1,016 known transporting EMS agencies (84.1%) in 2020 reported data through the new EMSIRS.
7 The accuracy of data reported to EMSIRS is limited by the number of individual EMS agencies submitting data and the accuracy of these submissions.
8 These data represent the total number of naloxone administrations provided by EMS staff. They do not represent the total number of administrations provided in the entire state.
