

Naloxone Administration by Ohio EMS Providers, 2009-2021^{1,2,3,4,5,6,7,8}

Summary Brief as January 11, 2021

Source: Ohio Department of Public Safety, Division of Emergency Medical Services, EMS Incidence Reporting System (EMSIRS).

¹ 2019, 2020, and 2021 data are preliminary.

² Reported naloxone administration data for “Out of Ohio” and “Blank/Unknown” counties and ZIP codes for CY2009 – CY2012 have been removed to eliminate data integrity concerns between multiple EMSIRS and national guidelines.

³ The data includes naloxone administrations where county was not recorded (blank/unknown/out of state): n=53 (2019), n=56 (2020), and n = 1 (2021).

⁴ Naloxone doses administered in out of state ZIP codes are excluded.

⁵ As of January 11, 2021, 653 of the 1,018 known transporting EMS agencies (64.1%) in 2021 reported data through the new EMSIRS.

⁶ As of January 11, 2021, 866 of the 1,018 known transporting EMS agencies (85.1%) in 2020 reported data through the new EMSIRS.

⁷ The accuracy of data reported to EMSIRS is limited by the number of individual EMS agencies submitting data and the accuracy of these submissions.

⁸ These data represent the total number of naloxone administrations recorded by EMS staff. They do not represent the total number of administrations provided in the entire state.
