## Moving Honors Tribute Columbus, Ohio

The last few years have been like no others for EMS. EMS providers across the country have risen to the occasion and sacrificed much, sometimes their lives, in the service to their communities as we faced a global pandemic. On the frontlines of this crisis, they have stood strong and continue to do so each and every day. We cannot thank them enough for all that they do to serve patients and their communities. The Moving Honors is a tribute to not only the honorees who have paid the ultimate sacrifice, but for all those who continue to show up each shift and continue their work.

Moving Honors currently recognizes the 72 Fallen EMS professionals during a National EMS Weekend of Honor later in the week (including a National EMS Memorial Bike Ride as part of the events). The journey involves traveling through 26 states across the U.S. – Columbus, Ohio is honored to be one of the stops along the way to pay tribute.

Please join us in recognizing these 72 fallen EMS professionals and the Moving Honor as outlined:
