Ohio Division of Emergency Medical Services

REF: Revised Live Fire Training Operations Course Curriculum

Please find enclosed the 2015 revision of the Live Fire Training Operations Course curriculum. The Division of EMS Fire Education staff, along with members of the Firefighter and Fire Safety Inspector Training Subcommittee, has worked diligently to make relevant changes to enhance the content and delivery of this course. A summary of these revisions is contained on the enclosed disc within the course documents.

As of this date, all course participants are required to complete the Job Performance Requirement forms, under the auspices of a chartered fire training program, within 12 months of course completion. These forms are located in the "Supplemental Materials Operations Level" folder on the disc. When completed, these forms should be placed in the charter course/student files and a certificate of completion should be issued to the students.

Note: An updated version of the NFFF video titled "Train the Way You Fight" is available from the Division on a separate DVD. The video is too large to be placed on the enclosed disc.

Please contact the Division of EMS Education Section at FireEducation@dps.ohio.gov or (614) 466-9447 with questions or concerns.
